

# Scholarship Alert Service & Earn While Learn

Visva-Bharati University  
(A Central University)  
Santiniketan, West Bengal-731235

## Best Practice

**1. Title of the Practice:** 'Scholarship Alert Service' & 'Earn While Learn'

**2. Objectives of the Practice:** **Geographically,** Visva-Bharati is located in the rural area of Santiniketan under Birbhum district and students are from mostly economically weaker section as well as a lion share of them first generation learners. To address their financial need, library has introduced this service which is being updated fortnightly. With this library is trying to extend its hands of co-operation to encourage the needy students to continue their study safely.

**3. The Context:** Many times, it is seen that, the students from poor family is not able to continue his/her study because of financial crisis. They becoming in the library and state the fact with a request for private tuition, etc. or any earnings. As alternatives, library has provision of 'Earn while Learn Scheme' and also 'Scholarship Alert Service' to assist the students to complete their course.

**4. The Practice:** for 'Scholarship Alert Service' (SAS), library officers are assigned to find out the different National and International scholarship available and list up the URLs of the concerned scholarship in the library portal to enable the students to apply. For application, if any students, need any type of assistance library is ready to guide and help. In this way some students are getting the scholarship and continue their study. Another alternative is 'Earn While Learn' (EWL) under this scheme fifteen students of UG/PG and scholars have been engaged in the library works for two

hours in a day; and four days in a week for four months in a year with minimum monthly remuneration and sometimes, piece-rate basis. For this through website notification is being circulated for application. A committee is there to scrutinize the papers and prepare the list based on merit cum means as criteria. After taking approval from the competent authority, students have been asked to cater service in a library as informed by the library authority. This is to be noted, last few years the same was discontinued due to shortage of fund and for this year the same has not yet been started due to ongoing pandemic, though the process has been initiated.

**5. Evidence of Success:** The Link is available in our Library website, where they only hit a single click and the link is open. Just fill the needed information and send it to the proper way. Orientation programme also done in this regard.

From the above services, many students have been benefited with the scholarship as well as earn while learn.

**6. Problems Encountered and Resources Required:** There are some problems to continue the said services;

The monthly remuneration is so minimum that the students are not getting much interested to apply for earn while learn. Also, number of applications is decreasing gradually, because of the semester system teaching-learning system.

Lack of computer knowledge and habit of browsing internet in proper way, students are not able to apply

for different scholarship within the timeframe and also in right manner.

**7. Notes (Optional):** The above noted practices may be followed by any institute as primary duty to assist students to encourage them for continuing their study.
