NOTICE

Sub: Regarding PDS Service by the INFLIBNET for using DrillBit, an Extreme 'Plagiarism Detection Software'.

Even after the several earlier notices as mentioned above, it is seen that many faculty members are checking of theses multiple times and also checking chapter of thesis which is violation of guidelines. Further, it is seen that assignment, article and others documents are also uploading and checking through DrillBit, which is totally in contrary of the guidelines. As fact, **the document capping allotted in favour of Visva-Bharati by the INFLIBNET upto 31 October 2024 based on the undertaking from Visva-Bharati has been reached today by 1.00pm and there after VB accounts is being ceased by the system to check any further uploading and checking.** This is second time, when our account is being saturated and disabled to upload file(s)

In view of the above, let me seek invite the kind attention of the VB faculty members on the following major points of the Undertaking and requested to comply;

- a) **One particular Thesis/ File or its part/chapter may not be checked multiple times.**
- b) **A separate chapter of the thesis is strictly prohibited from being uploaded and checked through DrillBit.**
- c) **The ID and Password of the faculty members are not to be shared among the scholars to ensure proper use.**
- d) **As communicated by INFLIBNET, only theses and thesis-related publications may be checked by DrillBit through PDS from INFLIBNET.**
- e) **A copy of the certificate (signed by the guide and candidate) downloaded from the DrillBit must be incorporated into the thesis, along with the soft and hard copies.**

Therefore, all the Principals, Directors, HODs, and Faculty Members are requested to extend necessary cooperation to check PhD theses and thesis-related publications only in compliance with the guidelines of INFLIBNET to avoid any untoward situation in the future.

Alternatively, documents other than a thesis and thesis-related publications may be checked through a similarity-checking facility in Grammarly.

VB faculty members are expected to be kind enough **to use the DrillBit in adherence with the guidelines given by the INFLIBNET on 30 April and 01 June 2024, as mentioned on the next page.**

Today we have sent a mail to INFLIBNET to allot some more document capping to check the PhD thesis only and thereby allow the scholars to submit the same.

Temporarily Stopping the PDS Service due to Exorbitant Use by HEIs - Regd.

Dear Dr Nimai Chand Saha,

There is an announcement from **INFLIBNET**

Dear University Coordinator (ShodhShuddhi), While extending the contract for 6 more months with the PDS vendor for the DrillBit Extreme Software for checking plagiarism, the Centre has requested on 30 April 2024, to follow the guidelines strictly in order to avoid submitting documents other than PhD Theses and articles related to PhD Theses. Unfortunately, many universities have not adhered to the guidelines. This caused the submission of documents of nearly 2 lakh documents in the last month, (i.e. May) many of which are not related to PhD Theses. Kindly note that the documents cap for the country is only 10 lakh/annum which was estimated for the PhD Theses and articles related to PhD Theses and the sanctioned budget is limited. In this context, I am directed to inform you that the PDS access will be temporarily stopped till the universities assure to use it for only PhD Theses. An undertaking is to be submitted by the universities for the proper usage. Inconvenience caused in this regard is highly regretted. Team ShodhShuddhi
