

Topics:

1. Introduction to Plant Growth regulators (PGRs).
2. Role of PGRs in improvement of growth attributes and yield in field crops.
3. Role of PGRs in improvement of growth attributes and yield in vegetable crops
4. Role of PGRs in improvement of growth attributes and yield in fruit crops
5. Commercial application of PGRs in respect of growth and yield
6. Commercial application of seaweed extracts and other naturals for growth and yield enhancement

TRAINING PROGRAMME ON 'IMPROVEMENT OF CROP YIELD THROUGH PLANT GROWTH REGULATORS' UNDER SC-SUB PLAN

Date: 23.03.2024

Venue:

**Department of Crop Physiology
Palli Siksha Bhavana**

Organized by:

**DEPARTMENT OF CROP
PHYSIOLOGY
PALLI SIKSHA BHAVANA
(INSTITUTE OF AGRICULTURE)
VISVA-BHARATI
SRINIKETAN-731236, WEST BENGAL**

Funded by:

**Indian Council of Agricultural
Research, New Delhi (Under SC-SP
Programme)**
