

## One day hands-on training programme on PCR for the researchers of Visva Bharati

As a part of scientific social responsibility under SERB funded project (CRG/2019/004567) an one day hands-on training programme of Polymerase Chain Reaction (PCR) will be held on 12<sup>th</sup> March 2022 (Saturday) for different researchers of Visva-Bharati. The programme will be held in general laboratory (Department of Biotechnology) from 9.30 am onwards and will continue up to 6.00 pm (may be extended depending on the experiments). No charges will be taken from any researcher for this training programme. Printed materials and refreshments will be provided. Researchers can bring their own plant sample if they wish to do their experiment with their own plant sample.

Henceforth, interested candidates are requested to apply online through mail to the Principal Investigator of the project, Dr. Narottam Dey ([narottam.dey@visva-bharati.ac.in](mailto:narottam.dey@visva-bharati.ac.in)) mentioning their affiliation and researcher ID.

Selection of the candidates will be based on first-cum-first-serve basis (limited to 10 members only).
