## About VISVA-BHARATI

Visva-Bharati was founded by first non-European Nobel Laureate poet Gurudev Rabindranath Tagore in 1921. Gurudev explained the motto of this institution as "Visva-Bharati represents India where she has her wealth of mind which is for all. Visva-Bharati acknowledges India's obligation to offer to others the hospitality of her best culture and India's right to accept from others their best."

Visva-Bharati was declared to be a Central University and an Institution of National Importance by an Act of Parliament in 1951. The University is situated in a serene place called Santiniketan in the district of Birbhum, West-Bengal and it is about 160 Km away from

Kolkata. It is connected to Kolkata by both rail and road. The nearest railway station is Bolpur, which is 3 km away from the University Campus. It is also well connected to Durgapur by road (60 km).

## About DEPARTMENT OF CHEMISTRY

This department started its journey in the year 1966 as an undergraduate department. In 1969, it became a postgraduate department. Subsequently, it generated research facilities for the Ph.D. students through a good number of projects (funded by CSIR, UGC, DST-SERB, BNRs, DBT etc.) sanctioned to individual faculty members. The Department is also recognized as a DST-FIST and UGC-SAP funded department. Our students qualify and secure rank at national level competitive exams like NET, GATE, Joint admission test of IIT and IISc. This department flourished profoundly throughout these years and plays a commendable role in the advancement of Chemistry learning and generating research facilities.
